The last two years have seen a severe disruption in our business due to the Covid 19 pandemic . Thankfully , the situation is controlled as of now and we are seeing a sense of normalcy . However Inflationary pressures are still having an impact on demand and our Industry continues to face the challenges of excess supply , poor capacity utilization and low profitability .

Our Government is striving to push our Economy on a high growth path with a target of 5 Trillion USD by 2026-27 . Various initiatives have been taken by the Government towards this Goal . A fast growing Economy will no doubt provide a much needed fillip to our Industry .

The most burning and relevant issue facing us today is “ What is the future of our Industry ?”.

The chosen theme hence for **ICCMA Congress 2022** is **VISION \$5 TRILLION ECONOMY : BRAINSTORMING THE FUTURE**. Eminent Thought Leaders from across the country shall be sharing their views and expertise on the relevant topics.
