

ICCMA seeks support

Hyderabad:The Indian Corrugated Case Manufacturers' Association (ICCMA), a pan India body, said that the corrugated box industry was reeling under the twin blows - four massive price increases in a short span of two months on one hand by kraft paper mills and cascading hikes in other conversion input costs on the other hand over the years. The industry is staring at huge losses on account of these hikes. Sandeep Wadhwa, president, ICCMA, said the industry body requested all the kraft paper mills associations to bring stability in prices and to ensure that supply chains are not hampered. "The industry growth is of vital importance to our Prime Minister's cherished dream of Make In India. The support of all kraft paper mills as well as our valuable clients is very crucial to achieve that mission".
